Zero Technologies

## About Us

Zero Technologies was founded by a group of passionate HVAC veterans. With years of comprehensive understanding of the global HVAC market and HVAC supply chains in China, Zero Technologies strives to provide clients with the best quality HVAC products, solutions, and services at affordable prices. We firmly believe that our clients can get a worry-free and wonderful purchase experience from us.

To meet different clients' needs, Zero Technologies provides a wide variety of HVAC products with high energy efficiency and superb quality, which are suitable for residential, commercial and industrial application scenarios. We are able to provide tailor made HVAC solutions for residential or commercial projects as well. Zero Technologies has an unrelenting focus on quality, service, and value. Therefore we have been moving forward for offering perfect one-stop HVAC solutions and more money-saving and time-saving HVAC services to our global clients.

Since its establishment in 2013, Zero Technologies has been continuously expanding its overseas business blueprint. So far, we have developed more than 20 overseas agents, with the business covering more than 100 countries and regions worldwide, serving more than 1,000 overseas projects. Zero Technologies is always your reliable partner in HVAC solution supply.

### Mission

To consistently create maximum value for our customers

### Vision

To become No.1 HVAC solution provider in China, to become a respected brand across the world.

### Core Value

Integrity, openness, collaboration, shared success

# BRANDS & SOLUTIONS

## Our Brands

- OWN BRAND, COST EFFECTIVE OPTION
- WITH GREAT QUALITY

- Mini split, Light commercial, Accessories, VRF
- Self-owned brand of Zero Technologies.

- A USA TOP BRAND • 127 YEARS HISTORY
- TOP WORKMANSHIP • SUPREME BRAND

- Screw chiller, Modular chiller, AHU, FCU, VRF
- Official distributor, global project partner.

- WE DESIGN, PRODUCE AND SHIP PRODUCTS
- WITH YOUR PRIVATE LOGO

- Mini split, Light commercial, FCU, AHU
- With brand owners' authorization, we provide OEM and ODM service.

## Solution

### • VRF Solution

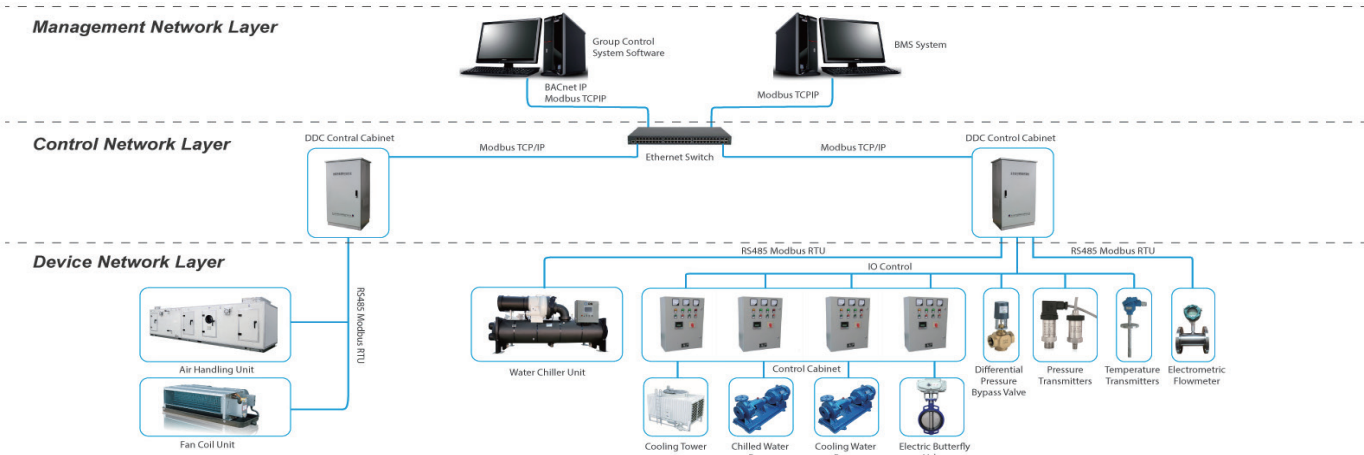

The main reason we created our VRF solution is that most manufacturers can only provide equipment, meanwhile the project owners always looking for a complete solution. We offer one stop solution includes VRF drawing design, model selection, instalation material calculation, start up guidance etc, equipments, installation material and other parts will be loaded all together in the same containers directly ship to your job site, we make your VRF projects never been so easy.

### • Water System Solution

Have you ever imagined that you can have chillers and all other water system components all together in a single purchase? Here is our solution for you, we can not only provide you full line of Dunham Bush chiller and terminal products, but also supply you a complete line of installation materials such as cooling tower, water pump, hydraulic modules, valves, pipes, etc.

### • Centralized control system Solution

Intelligent control gradually becoming a key factor for green buildings, our solution for air conditioning provides a perfect connectivity among AC units, BMS system and system administrators; by migrating IOT technology to our industry, we can even realize Cloud-contol function for your air conditioners.

## Mini Split

### Z-PRO SERIES

Gold Fin

Emergency Using

High Density Filter

Mute Operation

Refrigerant Leakage Detect

ECO Technology

Smart Control

65Hz within 6s

High-Efficiency Fan Blades

Fire-proof Electric Box

Wide-range Voltage Operation

20+ SEER

### Z-MAX SERIES

Gold Fin

High Efficiency

5-Fan Speed

Louver Position Memory

Low Noise

Dual Drainage

High Density Filter

Fire-proof Electric Box

ECO Technology

Heavy-duty

Installation Kit

19+ SEER

### Z-COOL SERIES

Gold Fin

High Efficiency

5-Fan Speed

Louver Position Memory

Low Noise

Dual Drainage

High Density Filter

Fire-proof Electric Box

ECO Technology

Heavy-duty

Installation Kit

A++

Same optional AC panel is available for both Z-MAX and Z-COOL series

# Light Commercial

## Outdoor Unit

### Top Discharge ODU

**14 SEER/ 14.3 SEER2**

**ON-OFF/ INVERTER**  
COOLING ONLY/ HEAT PUMP

•ETL & AHRI

**16 SEER2**

**ON-OFF/ INVERTER**  
COOLING ONLY/ HEAT PUMP

•ETL & AHRI

### Side Discharge ODU

**50Hz**

**ON/OFF & INVERTER**  
COOLING ONLY/ HEAT PUMP

**16SEER**

**60Hz INVERTER**  
COOLING ONLY/ HEAT PUMP

## Indoor Unit

**Air Handler**

**Cassette Indoor Unit**

**Duct Type Indoor Unit**

**Floor Ceiling Indoor Unit**

# VRF System

## ZERO VRF

**Outdoor Unit**

**Cassette**

**Ceiling & Floor**

**Wall Mounted**

**Slim Duct**

**High ESP Duct**

**Air Handler**

## Dunham Bush VRF

**Outdoor Unit**

**Cassette**

**Ceiling & Floor**

**Wall Mounted**

**Slim Duct**

**High ESP Duct**

**Air Handler**

# Chiller System

## ZERO Chiller

Water Cooled Screw Chiller

Air Cooled Screw Chiller

Modular Chiller

## Dunham Bush Chiller

Magnetic Centrifugal Chiller

Centrifugal Chiller

Water Cooled Screw Chiller

Air Cooled Screw Chiller

Water Cooled Scroll Chiller

Air Colled Scroll Chiller

# Air Handling Unit

## ZERO AHU

Modular AHU

Standard AHU(Ceiling Concealed Type)

Standard AHU(Vertical / Horizontal)

## Dunham Bush AHU

Modular AHU

Cabinet Type AHU

Vertical Type AHU

# Fan Coil Unit

## ZERO FCU

Duct Concealed Type

Ultra Thin Floor Ceiling Type

Four Way Cassette Type

Wall-Mounted Type

High ESP Duct Concealed Type

Floor Ceiling Type

One Way Cassette Type

Wall-Mounted Type

## Dunham Bush FCU

Duct Concealed Type

Floor Ceiling Type

Cassette Type

Wall-Mounted Type

# Package Unit

## ZERO Rooftop Packaged Unit

Customized Series

Standard Series

## Dunham Bush Packaged Unit

Rooftop Packaged Unit

Air Cooled Split System

Water Cooled Packaged Unit

Precision Environmental Control Unit

# Accessories

Copper Pipe
